

Philip's Creek, N.Y.

We are pleased to learn the prosperity of our cause, under the labors of Br. O. B. Clark, at Philip's Creek. The recent addition of fourteen members to the Society there, shows that they are in a thriving condition. Br. Clark has entered upon the seventh year of his ministry in that place. This fact, in this day of frequent changes, speaks well for both pastor and people. May the Lord grant them abundant prosperity.
