Property Deeded to State Body

A deed has been given by the First Universalist church of Batavia of its Bank street property to the New York state convention of Universalists. Services have not been held in the church for some time, as the society has been without a pastor. When they disbanded there were about thirty members. An effort will be made to dispose of the property which is in charge of Morgan R. Howe of No. 18 Thomas avenue. The lot on which the church stands has a frontage of 55 feet and is 200 feet deep.
