

[Paul, James]

DEATHS.

In Cooperstown, August 12th, after a painful illness of eighteen months, Mr. JAMES S. PAUL, aged 57. In this dispensation we suffer the loss of an honest man—honest in all the relations of life, and his death has made desolate many hearts apart from the family circle. He had been connected with the Universalist society of this place since its first organization [in 1831]. We commend the bereaved wife and children to the God of the widow and the fatherless with the prayer that the faith of the Gospel may be their consolation in life, and their triumph in death.
